Thanks so much for <u>Classic Christianity!</u> I just finished it. As I read it, I once again marveled at the message of God's love and grace. It comes through loud and clear in the book. I don't know how anyone could read it and not see the truth of the message. I pray that the Lord will use this as a tool to reach not only the unsaved but Christians who are in bondage because of not knowing what "classic" Christianity is all about.
